

## **Bunker Adjustment Factor (BAF) - 1st January 2010 - 31st December 2010**

The following grids will be used to calculate the level of fuel surcharge for 2010.

By the end of each month, the following month's surcharge will be posted on this site. The level will be calculated taking into account both the price of Brent crude and the exchange rate between €/£ over the course of the preceding month.

Our sources of reference are the following :

- Brent crude price : Reuters
- Exchange rate: <http://fxtop.com>

**For the month of January reflecting the average price of Brent crude and the exchange rate in the period 21st November to 20th December 2009, the surcharge will be set as follows:**

Channel services	£4.57 / €5.78
Irish services	£9.13 / €11.56
Spanish services	£13.70 / €17.34
